ABOUT
- Frequently Asked Questions
- Hours
From the list, select “EBSCOhost Research Databases”
Select multiple databases in which you would like to search, then click “Continue”.

1. Academic Search Premier
   - Multi-disciplinary database provides full text for more than 4,000 journals, including full text for nearly 3,900 peer-reviewed titles. PDF backfiles to 1975 or further are available, journals, and searchable cited references are provided for more than 1,000 titles.
   - [Title List]  [More Information]

2. All HealthWatch
   - This database focuses on the many perspectives of complementary, holistic, and integrated approaches to health care and wellness. It offers online full-text articles for more than 600 peer-reviewed journals and reports. In addition, there are hundreds of pamphlets, booklets, special reports, original research, and book excerpts. All HealthWatch provides full spectrum of subject areas covered by complementary and alternative medicine. This database features indexing and abstracts going back as far as 1984, and full text going back to 1992.
   - [Title List]  [More Information]

   - This database is designed for the research needs of the post-college professional. The database provides 1,540 full text business magazines and journals, of which the database includes publications in nearly every area of business including marketing, management, MIS, POM, accounting, finance, econometrics, economics and more.
   - [Title List]  [More Information]

4. Business Source Complete
   - Business Source Complete is the world’s definitive scholarly business database, providing the leading collection of bibliographic and full text content. As part of the comprehensive database, indexing and abstracts for the most important scholarly business journals back as far as 1988 are included. In addition, searchable cited references are provided for most titles.
   - [Title List]  [More Information]  [Enhanced Business Searching Interface]
Now you are searching multiple databases at once!

Click “Choose Databases” to refine your list of databases to search.

NOTE: Probably the most important limiter when you need immediate results. Select this box to return only items where the full text is available.
